

## PROTEST

Mr. David Dominguez  
Development Manager  
Community Services Department  
2000 Main Street  
Huntington Beach, California 92648

1. Multi-use field for youth sports groups? Fields already exist there.

2. Play area for younger children not in sports yet, to play while older children are playing in a ballgame, while grandparents enjoy the playground with the younger children.

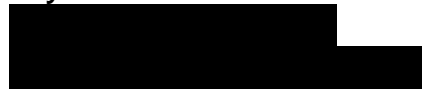

3. There are wild birds. It's fun to see the hawks that live at the park in the trees at Murdy. I have watched them for 30 years soaring above Murdy with their babies. Ducks love Murdy Park. Geese meet there in the morning. The swallows skim across the grass for food. Bees and butterflies love Murdy. There are beautiful trees in bloom there and are wonderful to sit under on a hot day to catch a cool breeze while watching the clouds make fantastic formations in the sky. The people that live around Murdy do not have back yards so they go to Murdy with their children so they won't play in the streets.

People walk at Murdy- with their dogs and with their children because it's more fun than a small patio and the sidewalks. The blue birds have houses there. Hummingbirds protect their territory there. The mockingbirds sing there. I go there every day.

Murdy Park is just fine and beautiful the way it is.

We all want a place to go within reach of our homes to see nature. It makes us better people than seeing a field of cars. We like it the way it is, seeing the beauty of Murdy. What would Mr. Murdy say? He gave us a park for beauty.

Phyllis Corneiller

**Subject:** Murdy Park project

As a resident of the murdy park residential housing tract, I am completely opposed to the multi-purpose sports field project, unless there is gonna be a five story parking structure built to accommodate the numerous vehicles that will come with the increased sports event traffic.

The parking for the residents here in this housing tract is already overwhelmed with over crowded occupants in each residential unit.

We are already overwhelmed with ZERO parking availability from Ocean View Little League flowing out of school parking area into residential streets which hinders the residents already.

I have literally witnessed residents getting into extreme disputes over the parking issues here in this tract.

There is also numerous homeless people living in their vehicles on these residential streets due to the city parking enforcement kicking them out of rec center parking lot due to curfew restriction in murdy park parking lot.

This murdy park project will bring nothing but more headaches to the people who already struggle with finding a parking place who come home after 6:00 pm from work everyday to find ZERO parking availability.

For the love of God please take this project somewhere else.

Thank You  
K. Baughman

**Subject:** Murdy Park turf

Murdy Park needs it's lawn. Please don't take out the turf. I don't have kids. But it's obvious that the kids of the neighborhood need the turf area. More green!

Arthur Champler, neighbor
